

PRAYER CARD

POTENTIAL

This age range has potential to not only come to faith, but also to experience tremendous growth in many areas, including social, mental, physical, and in character.

PRAY...

- that children would have a chance to hear the Gospel, so they can reach their God-given potential
- that every plan of the enemy for them would be destroyed

PRIORITY CHANGE

71% of those who come to Christ, do so before the age of 15. Fewer than 50% of Japanese churches have a Sunday school program.

PRAY...

- that churches and Christian leaders would be captured by a vision for children, their salvation and growth

PARTNERSHIP

70% of people coming to Christ say that they were most influenced by people their own age. Samuel, David, Josiah and Esther were all children when God called them.

PRAY...

- for young believers to be bold to share the Gospel with their friends
- that leaders of youth would empower and release the children in their care
